UNIVERSITY OF TORONTO

REPORT

OF THE

BOARD OF GOVERNORS

FOR THE YEAR ENDED 30TH JUNE, 1935

To His Honour the Lieutenant-Governor-in-Council:

The Governors of the University of Toronto have the honour to present their twenty-ninth annual report, which is accompanied by the President's comprehensive review of the academic work of the University and its Colleges for the Session 1934-35 and the reports of various officers and departments. Reference to the President's report and its appendices will reveal the wide range and variety of the activities of the institution and of the services which it is endeavouring to render to the public.

The Governors submit also the usual statements covering the funds and assets, including investments, as they stood at the close of business on 30th June, 1935, together with statements in detail of the receipts and expenditures of the Board for the fiscal year which ended on that date, and the certificate of audit of the same by Mr. G. T. Clarkson of the firm of Messrs. Clarkson, Gordon, Dilworth and Nash.

It will be observed that the auditor reports that all the transactions of the year upon both Revenue and Capital Accounts have been duly audited and found correct; that the securities for the investments, which are held for safekeeping by the Canadian Bank of Commerce, were produced for his examination twice during the year and were found to be in agreement with the Bursar's records; and that this officer's records are well kept and all endowment and trust funds properly accounted for. While a small number of bonds are in default, as is the case with practically every investing corporation today, the market value of the securities as a whole on 30th June was greater than their book value by approximately $405,177.

The general revenue for the year amounted to $1,510,343. There was also credited to revenue the Legislative Grant of $1,000,000 and a supplementary Special Grant of $150,000, making a gross total of $2,660,343. From this sum there falls to be deducted $61,811 for interest written to certain scholarship and trust funds, leaving available for expenditure for salaries and maintenance $2,598,532.

The disbursements under the appropriations for these purposes (exclusive of the Ontario College of Education which is maintained by a separate vote) totalled

$2,607,796. There was consequently an excess of expenditures over receipts of $9,264, which has been met from the credit balance of $64,760 available from 1933-34 as shown in the report of that year, leaving a balance of $55,496 carried forward to be applied towards the expenditures of the year 1935-36.

All of which is respectfully submitted.

(*Sgd.*) D. Bruce Macdonald,
Chairman.

SUPERINTENDENT'S OFFICE

SUPERINTENDENT'S REPORT

1934-35

With the exception of some new construction at the Connaught Laboratories Farm, for which this office is responsible both for design and construction, no new buildings were started during the year. The total expenditure on buildings already under construction, but not completed, amounted to approximately $16,000.00. This expenditure took place in connection with the Royal Ontario Museum and the David Dunlap Observatory, both jobs now being practically completed. The Observatory was officially opened by the Donor, Mrs. D. A. Dunlap, on Friday, May 31st, 1935.

BUILDINGS (MAINTENANCE)

During the year, approximately $73,000.00 was expended on Repairs and Renewals of the University buildings and the Royal Ontario Museum. With this amount, which is considerably less than one-half of one per cent. of replacement valuation, we are restricted largely to maintaining the fabric and mechanical services in the buildings. Such items as improved lighting and interior decoration cannot be maintained as they should be.

During the year, the regular practice of testing all fire hose has been followed. and the necessary replacements made. Chemical extinguishers have been discharged and refilled, and special extinguishers provided for special hazards. An inspector from the Toronto Fire Department has also made an inspection of our buildings from a fire hazard standpoint.

In addition to the 58 buildings directly supervised by my office, heat and electricity are supplied to Knox College, Victoria College, Emmanuel College. Wycliffe College, and some power to Trinity College.

The expenditure for fuel and electricity for University buildings and the Royal Ontario Museum, and the services to the colleges mentioned above, was approximately $140,000.00.

EMPLOYEES AND WORKSHOPS

The average number of employees working for the office. exclusive of contracts. was 265, tradesmen accounting for 73 of this number. The merchandise distributed through Superintendent's Stores amounted to approximately $83,000.00. The wage item for sundry labour was approximately $255,000.00, while salaries of semi-permanent staff amounted to $33,025.00, making a total of approximately $288,000.00. These figures include services rendered to Connaught Laboratories. Hart House, the Athletic Association, etc., the Royal Ontario Museum, and the colleges.

Purchasing

During the year, 8,752 departmental orders and 6,392 Superintendent's Stores and work orders, a total of 15,144, were sent out, and, in consequence, 20,795 accounts were passed for payment. These purchases involved the passing of 1,498 customs entries handled within the office. In addition, accounts totalling 4,353 for work done were sent out for payment. Accounts are passed promptly for payment, so that all possible discounts are obtained, and the good will of the sales people maintained. Every effort is made to obtain the known benefits to which the University is entitled under the Customs and Sales and Excise Acts. During the year, the office has spent considerable time in the preparation of a claim for sales and excise tax, to which the University is entitled due to an undisclosed ruling.

Post Office

During the year, the turnover in the branch Post Office in the University amounted to approximately $35,000.00, of which the sale of stamps accounted for approximately $25,000.00. The revenue to the University from this source was $1,042.52.

Police and Watchmen

The Police Force, though small, is successful in handling the problems created by the public, and its relationship with the student body is cordial and, at the same time, effective. We are indebted to the City Police for their willing co-operation on all occasions. A close supervision is maintained on the nightwatchman service, and daily reports are carefully checked.

Central Plant

The amount of radiation heated from the Central Plant, exclusive of high pressure service was 344,237 square feet, as against 343,341 for the previous year. The total cost of operation was $137,510.50, as against $133,867.22 for the previous year. The total unit cost for heat and light was 39.9 cents per square foot of radiation, as against 38.9 cents for the previous year. The amount of 39.9 cents was made up of 24.4 cents for heat, and 15.5 cents for light. The average temperature, October to May inclusive, was 1.92 degrees above the average, against .7 degrees below the average for the same period the year before. Due to the higher temperature, the amount of coal burned was considerably less, but the total fuel cost was higher due to a substantial increase in the unit cost of coal.

Comparative tables showing the operation of the Central Plant and the distribution of charges for 1933-34 and 1934-35 are attached.

A. D. LePan,
Superintendent.

AUDITOR'S CERTIFICATE

Toronto, 15 November, 1935.

To the Governors of the University of Toronto:

GENTLEMEN:

I have verified the attached Balance Sheet of the University dated 30th June, 1935, and Schedules 1 to 10, and report that all the transactions of the year upon the Revenue and Capital Accounts have been duly audited and found correct.

The securities representing your investments are held for safe-keeping by your bankers, The Canadian Bank of Commerce, and were produced for my examination on 2nd July, 1935, and also at another time during the year, and found to be in agreement with the records kept by the Bursar. Your securities consist largely of bonds issued or guaranteed by the Dominion of Canada and by the Province of Ontario and bonds of other Ontario municipalities with certain corporation and other securities received as bequests. Their market value as at 30th June, 1935, was greater than their book value by approximately $405,177. The following bonds are in default of interest or payments are being made at reduced rates:

	Par Value	Book Value	Total Interest in default	
Town of Mimico 5½% 1942-1945	$21.000.00	$21,919.25	$3,465.00	1933-4-5
Essex Border Utilities 5½% 1945-1947	19,047.60	19,802.72	3,142.86	1933-4-5
Town of Weston 5% 1936-1953	51,041.94	50,398.47	2,552.10	1935
Town of Bridgeburg 5½% 1936-1946	23,194.01	23,746.75	1,275.67	1935
Township of East York 5% 1944-1946	30.000.00	29,775.47	Interest for year received at rate of 3%	
Township of York 5% 1935-1936	16,000.00	15,922.98	Interest for year received at rate of 3% Principal—$8,000 due 1st April, 1935, not paid.	
Township of Scarborough 5% 1943-1957	73,697.27	74,765.96	Interest for year received at rate of 4%	

I also report that no income was received from certain non-trustee securities which came to you from the Wallberg and Whitney bequests.

The Bursar's records are well kept and all Endowment and Trust Funds properly accounted for.

Yours faithfully,

(*Sgd.*) G. T. CLARKSON.
Auditor.
